2018-1 Reaffirming Our Constitutional Heritage -

WHEREAS, the United States of America is a sovereign nation and,

WHEREAS, the United States of America is a Constitutional Republic established under the Judeo-Christian principle that the Creator has endowed the individual with certain inalienable rights, and

WHEREAS the free institutions of the traditional family, the church, the school, and voluntary associations, not coercive power of government, are central to a free, moral, and prosperous society, and

WHEREAS, the constitutions of the United States of America and the State of Wisconsin are the unifying legal framework that protects liberty and provides justice for generations of American citizens by allowing them to implement the will of the majority while protecting the rights of the individual,

NOW, THEREFORE, BE IT RESOLVED that the Republican Party of Sheboygan County, in caucus assembled, pledge to adhere to the letter and the spirit of those documents and to hold our representatives accountable “to protect and defend” the constitutions of the United States of America and the state of Wisconsin, as they have sworn to do.

BE IT FURTHER RESOLVED that this Republican party uphold and promote the unifying principles of liberty and limited government set forth in the Constitution and refrain from creating and exploiting divisions among our citizens based on race, gender, religion, or economic status.

BE IT FURTHER RESOLVED that we call upon our government officials to adhere to the separation of powers as defined in the Constitution. We include the following:

1. We call upon the House to exercise its constitutionally defined fiscal responsibilities by balancing revenue and expenses and implementing zero based budgeting.
2. We call on the Senate to eliminate those senate rules that have reduced its function to that of a roadblock both to legislation initiated by the house and judicial and administrative appointments made by the president.
3. We commend congress and the president for the initial step in reforming the tax code.
4. We call for President Trump to continue with his policy of negating President Obama’s unlawful and destructive executive orders and to reestablish the Congressional authority that was ceded to the President and the administrative state by past presidents.
5. We call upon President Trump to reform the Departments of Justice by removing the corrupt appointments of past presidents and by prosecuting those who have used that Department for political purposes.
6. We call upon the federal government to maintain and expand our trade with countries which are friendly with the United States when it benefits our economy and doesn’t undermine national defense.
