## 2 **Our Principles--2020 GOP State Platform**

### 3 **Preamble**—A Platform for a Time Such as This

4 The Republican Party of Wisconsin needs a platform that clearly states the principles that make America  
5 great. The Republican Party must re-teach the timeless truths that have made this country great in the past  
6 and will do so in the future.

### 7 **We are One Nation,**

8 We are one family. We care for one another, are loyal to one another, and defend one another. Those who  
9 join our family become a part of our family history, sharing our privileges and shouldering our  
10 responsibilities. We are a geographically, ethnically, and culturally diverse family, yet we are unified by a  
11 common commitment to the principles for which we stand—liberty through law.

12 We welcome free speech and encourage diverse opinions, but we reject identity politics that divides us  
13 against each other. We speak many languages, but we advocate for a single, unifying common language.  
14 We welcome those who share our love of freedom and respect our laws and our borders which are our  
15 first line of defense against lawlessness from within and without. We stand for a strong national defense.  
16 We are one nation

### 17 **Under God,**

18 We believe that God endows every person with the right to life, to liberty, and to the pursuit of happiness  
19 and that he requires us all to respect the rights of all of our fellow citizens, from the moment that they are  
20 conceived to their deaths. We are under God who has instituted the family as the basic building block of  
21 society and establishes universal laws of justice.

22 We establish no church or religion but recognize the sanctity of every person's conscience and defend the  
23 free exercise of all religions. We are one nation but recognize that we are under God who cares for other  
24 people and nations as well as our own. The love for our family does not mean hatred for neighboring  
25 families.

### 26 **Indivisible,**

27 Generations of Americans of all races have sacrificed their lives to defend our nation. Valley Forge,  
28 Gettysburg, Midway, Iwo Jima, Normandy, the Chosin Reservoir, Ia Drang, Fallujah, and many more  
29 places that are burned into our memories, testify to our endurance as a nation. We hold this nation in trust.

30 We honor this trust by keeping liberty alive in the face of those who tempt us to trade our freedom for the  
31 worn-out promise of a global, collectivist utopia. We honor the sanctity of the individual, not the state.  
32 We promise less central planning and less centralized control—more freedom, not less.

33 Despite attacks from without and within, we remain indivisible, bound, not by narrow promises of  
34 government handouts, but by a broad belief in freedom, in principles that bring liberty and stability  
35 through law clearly defined by our federal and state constitutions—foundational laws that mediate between  
36 the individual and group and small states and large states. We support the Electoral College that balances  
37 the rights of densely populated regions with those less populated.

1 **With Liberty,**

2 We stand for liberty, not the tyranny of the mob or the orders of the administrative state. We believe that  
3 it is not too late to return to a republic where the law is written by Congress which itself is limited by  
4 Constitutional law, where judges are limited by the written language of the law, where the president is  
5 limited to enforcing the law as written, and where the power of our federal government is limited to areas  
6 clearly defined by the Constitution.

7 We dedicate ourselves to the defense of all those rights clearly articulated in the Bill of Rights—to free  
8 speech, to a free press, to the free exercise of religion, to bear arms, to private property— rights that are  
9 under constant attack by those from within who neither understand nor share our vision of freedom  
10 through the law.

11 We stand for property rights and economic freedom. We envision an economy vitalized by clear,  
12 consistent rules, one where citizens can live and can start businesses free from excessive bureaucracy and  
13 can operate them without fear of private or public extortion, without frivolous lawsuits or pay-to-play  
14 bribes, fees, fines, and excessive taxes. We stand for a level playing field, free from the cronyism of  
15 subsidies, mandates, and monopolies. We stand for decentralization and free-market solutions to the  
16 serious problems in areas such as health care and education that have become so distorted by political  
17 manipulation.

18 **And Justice for All.**

19 We seek justice that is found in the intersection between liberty and law. We strongly advocate for limited  
20 government, federalism, and the decentralization of authority to the state and local community, but we  
21 also strongly support the strict and equal enforcement of law within each jurisdiction. Neither liberty nor  
22 justice is possible without public order.

23 We believe that justice must be blind to race, gender, status, political affiliation, and sexual orientation,  
24 and that law enforcement must treat everyone equally. We stand for the same due process and the same  
25 presumption of innocence for all.

26 We also oppose the injustice of federal borrowing that irresponsibly transfers one generation’s debts to  
27 generations not yet born. We call for the federal government to balance its budget and insist that each  
28 state continues to do likewise. We oppose “bailouts” that enable State irresponsibility.

29 We stand for equal treatment through the law and for equal opportunity that equal treatment brings.  
30 Outcomes will vary, but one law in defense of life, liberty, and property protects us all. Our mission, both  
31 simple and profound, really can be summarized by three words, “liberty through law.”

1 **Part II. 2021 Sheboygan County Resolutions**

2 **Federal**

3 **2021 -1 Thanking President Trump**

4 *Whereas* President Donald Trump has fought for the principles stated in the Republican Party of  
5 Wisconsin 2020 platform;

6 *Whereas* President Trump has excelled in his choices for judges;

7 *Whereas* he countermanded many of the unconstitutional rules that gridlocked our economy imposed by  
8 previous administrations;

9 *Whereas* he has worked to protect the lives of the unborn and promoted the free exercise of religion both  
10 in this country and around the world;

11 *Whereas* he exposed both the "fake news" of our highly partisan press core and the coup attempts of  
12 politicized federal law enforcement and intel agencies;

13 *Whereas* he has strengthened NATO by forcing our allies carry their fair share of the financial burden for  
14 their own defense;

15 *Whereas* he brought us energy independence;

16 *Whereas* he has brought a significant measure of peace to the Middle East by supporting Israel, defeating  
17 the Caliphate, and countering the terrorism promoted by Iran, and establishing long-sought peace accords  
18 among several mid-east countries;

19 *Whereas* he brought manufacturing and jobs back from China by improving the tax environment at home  
20 and confronting the imperialism of the Communist party of China at home and abroad;

21 *Whereas* he protected both the health and jobs of Americans by reversing the open border policies of  
22 Democrats; Whereas

23 he fought the lawlessness in Democratic cities and states that threatens the stability of the republic and  
24 safety of its citizens;

25 *Whereas* he pressured lawmakers to enact legislation requiring price transparency for medical services  
26 and targeting monopolist practices in the health and pharma industries,

27 *Whereas* he bulldozed the regulatory cartels and persuaded big pharma oligarchs to bring a vaccine to the  
28 American people with "Warp Speed"; and

29 *Whereas* he has helped to restore the idea of American greatness in the minds of the American people and  
30 the world;

31

32 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 33 1. thanks God for presidency of Donald Trump, and we all thank President Donald Trump for his
- 34 dynamic leadership in these troubled times, Melina Trump for her gracious service as our first
- 35 lady, and his family and administration for their vision, sacrificial courage, and effective policies
- 36 that have made both America and the Idea of America Great Again.

37 **2021-2 Saving our Nation**

38 *Whereas* this nation—its borders and its laws—guards our lives, our liberty, and our property;

39 *Whereas* this nation guards not only our liberty but the Dream of liberty that brings hope to enslaved  
40 people everywhere;

41 *Whereas* the greatest existential threat to this Dream is the systematic marginalization of conservative  
42 principles by educational and financial institutions, by the mass media, social media, and internet service

1 providers, and by the Democratic Party that controls our administrative state;  
2 *Whereas* we are also being overwhelmed by vast numbers of people fleeing the chaos and oppression of  
3 failed nations that have followed the path now being advocated by the Democratic Party, and  
4 *Whereas* this MAGA movement, with its Dream of liberty through law, is the best hope for America;

5 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,  
6 1. will never submit to the radical agenda of the Democrat Party; and  
7 2. will do everything in our power to reinstate the laws and constitutional principles that bind our  
8 Republic.

9 **2021-3 Holding Federal Administrators Accountable**

10 *Whereas* administrators in federal law enforcement and intelligence agencies have violated the law and  
11 their oaths of office by using their agencies to make at least two coups attempts against the previous  
12 President of the United States; and

13 *Whereas* none of these bad actors have been brought to justice and will likely reappear in the Biden  
14 administration;

15 **RESOLVED**, that the Republican Party, in caucus assembled,  
16 1. urges the Federal Department of Justice to prosecute all those administrators who have used the  
17 power of their agencies to engage in lawless political activity.

18

19 **2021-4 Financing Higher Education**

20 *Whereas* easy access to federally guaranteed loans has inflated the cost of higher education, thereby  
21 saddling students with crushing debt;

22 *Whereas* it is unfair to require students and parents who have paid their tuition and loans to repay the  
23 debts of those who have not;

24 *Whereas* colleges and universities must take responsibility for the costs of the programs that they offer;  
25 and

26 *Whereas* universities that move toward distance learning no longer need large campuses must reduce the  
27 cost of education to both taxpayers and students;

28

29 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,  
30 1. asks that student loans be provided and managed by private business and university foundations,  
31 not by the federal government;  
32 2. supports efforts to audit publicly funded University compensation plans; and  
33 3. insists that the universities take immediate steps to reduce costs to students and taxpayers as a  
34 result of distance learning;

35 **2021-5 Protecting the Right to Life**

36 *Whereas* the unborn, the infirm, and the elderly are human beings entitled to the most basic human right,  
37 the right to life.

38 **RESOLVED**, that the Republican Party Sheboygan County, in caucus assembled,  
39 1. opposes the taking of human life from the time of conception;  
40 2. demands that government deny taxpayer funding to any group at home and abroad that kills  
41 unborn children or encourages others to do so;

3. rejects the use of embryonic stem cells and fetal tissue for any purpose; and
4. opposes the practice of eugenics, assisted suicides, and the creation of DNA from three or more donors.

#### **2021-6 Defunding the Thought Police**

*Whereas* autocratic social media monopolies no longer serve as neutral platforms but edit news, censor opinion, and ban those with whom they disagree;

*Whereas* internet access has become an essential public service, like access to the electric power grid; and

*Whereas* lords of international tech companies, who now wield more power over free speech than the President of the United States, threaten free speech everywhere;

**RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

1. demands that Congress require that media companies that are no longer simple platforms obey the laws of libel that govern the print media; and
2. demands that federal action be taken to bring greater competition into the social media industry

#### **2021-7 Preserving Power to the People**

*Whereas* the second amendment most emphatically places power in the hands of the people;

*Whereas* new “red flag” laws being proposed are unconstitutional “prior restraint” laws that take away a person’s Second and Fourth Amendment rights without due process;

*Whereas* confiscated guns under proposed “red flag” laws are not returned until the accused can prove themselves innocent of a crime that they did not commit;

*Whereas* Universal Background Checks serve to develop a data base to facilitate later gun confiscation as was seen in Australia;

*Whereas* Universal Background Checks will stop fathers or mothers from passing their legally-owned firearms (already registered when purchased) to their sons or daughters;

*Whereas* present law already requires background checks for firearm purchases and provides a mechanism to disarm those deemed a threat to themselves and others; and

*Whereas* exposing the firearms industry to liability caused by those who misuse firearms would destroy the industry, thereby disarming the public in violation of the second amendment;

**RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

1. demands that our legislature not restrict the sale or ownership of lawfully produced guns, clips/magazines, and ammunition, and not impose extraordinary taxes or fees on same;
2. demands that our legislature oppose any registry of firearms, accessories or ammunition owners;
3. calls on our Legislature to protect law-abiding citizens and manufacturers of firearms and firearm accessories from civil and criminal litigation in the event a firearm is used to defend themselves or others with legally permissible firearms against imminent death or threat of great bodily harm;
4. demands District Attorneys enforce laws now on the books that deny felons the right to bear arms; and
5. strongly recommends that the Wisconsin legislature amend the definition of “schools” in Wis. Stat. 948.61(1)(b) to exclude “private” and home schools on private property from being regulated by Wis. Stat. 948.60

1 **2021-8 Promoting Religious Freedom and opposing Christian Persecution**

2 *Whereas* religious freedom and the right to practice one’s faith is a God given right that should be  
3 protected by every government around the world;

4 *Whereas* the U.S. holds great diplomatic and economic power and can and should use this power to  
5 ensure religious freedoms are a worldwide right;

6 *Whereas* according to the Pew Research Center, Christians remain the most persecuted religious group in  
7 the world;

8 *Whereas* terrorist organizations like Fulani militants, Boko Haram, ISIS and al-Shabab murder, kidnap  
9 and target Christians with little to no recourse from the governments overseeing the countries where they  
10 operate;

11 *Whereas* countries like Nigeria, China, Pakistan, North Korea and Iran have institutionalized Christian  
12 persecution and allow terrorist organizations, and in some cases government agents, to freely persecute  
13 Christians within their borders with little to no repercussion;

14 *Whereas* President Donald J. Trump has taken great steps to safeguard religious freedoms both in the  
15 United States and internationally; and

16 *Whereas* on June 2, 2020, President Trump in Executive Order 13926 (Advancing International Religious  
17 Freedom) declared, “Religious freedom, America's first freedom, is a moral and national security  
18 imperative. Religious freedom for all people worldwide is a foreign policy priority of the United States,  
19 and the United States will respect and vigorously promote this freedom”;

20  
21 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 22 1. applauds President Trump and his administration for the steps they have taken to support  
23 domestic and international religious freedom and implore the next administration to continue his  
24 efforts to ensure religious freedom is the right of all people, in all countries; and
- 25 2. urges the administration to formally identify countries and organizations persecuting Christians  
26 and other non-violent religious groups, and use existing U.S. law that allows the President to  
27 combat these atrocities through the use of Special Envoys, and diplomatic and economic  
28 sanctions.

1 **State**

2 **2021-9 Saving our State Economy**

3 *Whereas* the Evers administration threatens to destroy the economic viability of this state in the following  
4 ways:

- 5 Raising taxes by more than \$1 billion and increasing spending by \$7 billion.
- 6 Raising taxes on utilities and on manufacturers by more than \$500 million.
- 7 Reinstating the prevailing wage, repealing Right to Work, and increasing the minimum wage.
- 8 Redirecting tax dollars to Planned Parenthood and stopping the growth of school choice  
9 programs.
- 10 Fully legalizing marijuana and repealing drug screening for welfare.
- 11 Expanding welfare with Medicaid expansion and extending in-state tuition to illegal immigrants.
- 12 Repealing work requirements for welfare and t requirements that recipients pay child support.
- 13 Repealing Voter ID and in-person absentee voting reforms.
- 14 Funneling state funds disproportionately to two major metropolitan areas.
- 15 Imposing unconstitutional lockdowns that destroy small business.

16  
17 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 18 1. expects our state legislature to defend our state from these changes; and
- 19 2. attempts to maintain our forward momentum against counter-productive Democrat initiatives.

20  
21 **2021- 10 Insuring State Election Integrity**

22 *Whereas* the Wisconsin Elections Commission violated Wisconsin statute by refusing to cleanse the voter  
23 rolls of approximately 250,000 outdated registrations prior the last election

24 *Whereas* the clerks in Dane and Milwaukee counties encouraged voters to violate Wisconsin statute by  
25 claiming an “Indefinitely Confined” exemption enabled voters to omit required absentee ballot  
26 information;

27 *Whereas* 15,000 absentee ballots in Dane County and 31,000 absentee ballots in Milwaukee County were  
28 submitted illegally;

29 *Whereas* WEC violated Wisconsin statute by allowing balloting in nursing homes without the oversight  
30 of special deputies;

31 *Whereas* Dane county’s “Democracy in the Parks” that was done in conjunction with the Biden campaign  
32 violated Wisconsin Statute;

33 *Whereas* Republican poll observers were harassed and not allowed to effectively view poll workers; and

34 *Whereas* the outcome of our election in Wisconsin is fatally flawed by the total disregard for the rule of  
35 law by election officials in Democrat Municipalities;

36  
37 **RESOLVED** that the Republican Party of Sheboygan County, in caucus assembled,

- 38 1. calls on the legislature to replace the staff of Wisconsin State Election Commission that failed to  
39 enforce election law in Milwaukee and Dane Counties;
- 40 2. insists that all counties be required to purge voter rolls every year;
- 41 3. insists that all ballots are required be counted at the polling place on, not after, election day with  
42 no exceptions for absentee ballots;
- 43 4. demands that we stop the practice of mailing out ballots without a signed application that can be  
44 compared to the signature on the returned ballot;

- 1 5. strongly recommends that all ballots are required to contain a watermark or unique, non-  
2 identifiable machine-readable serial number to prevent multiple counting of a ballot;
- 3 6. strongly recommends that no voting results be officially released until all final counts have been  
4 submitted;
- 5 7. recommends that the Wisconsin Elections Commission is relocated to a city outside of Dane or  
6 Milwaukee County so that initial legal challenges may be heard in courts of law that have not  
7 shown the blatant and unabashed partisanship repeatedly demonstrated in these two counties;
- 8 8. recommend that the State Police is tasked with enforcing election law and patrolling voting places  
9 to ensure that election law not be violated;
- 10 9. demands that laws related to ballot harvesting be enforced;
- 11 10. demands that the attorney general’s office investigates all reports of election fraud and rigorously  
12 prosecute everyone engaged in election fraud, including election officials who fail to abide by  
13 election law;
- 14 11. forbids providing illegal immigrants with drivers licenses that may be used to enable them to vote  
15 illegally, and
- 16 12. condemns the liberals on the Wisconsin Supreme Court for refusing to even hear a far-reaching  
17 case involving serious allegations of voter fraud in the last election.

18

19 **2021-11 Empowering State and Local Law Enforcement**

20 *Whereas* we have witnessed cities throughout the country and in our own state being burned and looted  
21 by Antifa, BLM, and other Marxist activists in the guise of protesters;

22 *Whereas* some prosecutors and law enforcement officials have encouraged lawlessness by failing to  
23 prosecute both minor and major property crime, including arson and looting;

24 *Whereas* many Democratic mayors and governors have supported mob violence against the very citizens  
25 whom they have sworn to protect;

26 *Whereas* many autocratic federal, state, and local public health officials have imposed “lock down  
27 orders” that deny citizens of their most basic constitutional rights;

28 *Whereas* citizens have been prosecuted for using firearms to protect their homes, businesses, and the  
29 property of others after police refuse or are unable to protect them; and

30 *Whereas* this incoming Democrat federal administration --encouraged by the success of governors and  
31 mayors in violating the civil rights of the people and destroying thousands of businesses without  
32 representation and due process—promises more of the same in the future;

33

34 **RESOLVED**, that the Republican Party of Sheboygan County in caucus assembled,

- 35 1. demands that all laws that protect the lives, liberty, and property of the citizens of Wisconsin be  
36 strictly enforced by state, county, and local law enforcement;
- 37 2. insists that all state law enforcement personnel obey their oaths of office and NOT enforce  
38 lawless orders that are in violation of our Constitution and Bill of Rights; and
- 39 3. strongly recommends that our legislature pass a law clearly stating that persons using firearms or  
40 other weapons to protect their lives and their property and the property of others from mob  
41 action cannot be criminally prosecuted.

42

43

44

1 **2021-12 Protecting the Children**

2 *Whereas* there is a trend sweeping across the country and the State of Wisconsin of using puberty  
3 suppressing hormones without FDA approval for the purpose of “gender transitioning”;

4 *Whereas* minors cannot give informed consent to medical treatment as they are as yet unable to  
5 understand the full implications of such life altering treatments; and

6 *Whereas* life altering treatment or surgery of children under the age of 18 years old by parents, physicians  
7 or other persons has serious legal implications;

8

9 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 10 1. strongly encourages state legislators to author, support, and enact legislation that bans any
- 11 medical therapy which involves the experimental use of puberty suppressing drugs and opposition
- 12 hormones on children under the age of 18 years old and
- 13 2. calls for criminalizes the administration of such puberty blockers and opposition hormones by
- 14 parents, medical staff or other third parties for the purpose of gender transitioning minor children;
- 15 and
- 16 3. insists that minor children be provided a future right to recover damages against parents, medical
- 17 staff or other third parties by enacting a statute of limitations to extend for ten years after reaching
- 18 the age of majority and for allowing the full recovery of attorney fees where there has been a
- 19 willful and intentional administration of experimental puberty blockers and opposition hormones
- 20 upon a minor child; and
- 21 4. demands that transgender males are not allowed to participate in women’s sport

22

23 **2021-13 Recognizing schools and Universities as Essential**

24 *Whereas* home schooling and distance learning may be an option for some students, public in-school and  
25 on campus education was and continues to be an essential service;

26

27 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 28 1. recommends that public schools and universities be opened for in school and on campus learning;
- 29 2. urges that students in schools that fail to open for in class instruction immediately qualify for
- 30 entrance into the school choice program; and
- 31 3. strongly recommends mandated state funding for any such student who finds placement shall be
- 32 diverted from the previous school to the school choice program.

33

34 **2021-14 Promoting Civic Literacy**

35 *Whereas* the survival of this republic requires that its public schools and universities teach the next  
36 generation to understand and appreciate its foundational principles, its system of government, its history,  
37 and its culture;

38 *Whereas* equal justice under the law is a key foundational principle central to a harmonious and inclusive  
39 society;

40 *Whereas* many public university administrations, rather than affirming this principle, have created a  
41 divisive “diversity” industry that profits from increasing, not reducing, racial, gender, and class conflict,

42 *Whereas* many departments within our universities also now oppose the “western” values that form the  
43 basis for this country - the value of life, liberty, and private property;

44 *Whereas* a university itself must maintain a culture that promotes free inquiry and open, rational

1 discourse to justify its existence as a university; and  
2 Whereas adult students must lose neither the rights nor the responsibilities of adulthood and citizenship  
3 while on the campus of a public university;

4  
5 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 6 1. encourages local K-12 public school boards to implement an information-based curriculum that  
7 emphasizes American history and civics in addition to phonics based early reading instruction,  
8 writing, mathematics, science, geography, and economics;
- 9 2. recommends all public elementary schools be required to begin each day with the Pledge of  
10 Allegiance and that the principles of “One Nation, Under God, Indivisible, with Liberty and  
11 Justice for All” be taught throughout the curriculum;
- 12 3. recommends that all students, in order to graduate from a state university, be required to take at  
13 least one course that promotes an understanding of and an appreciation for the history of our  
14 country, our principles of law and justice, and our founding documents, including the Declaration  
15 of Independence, The Constitution, and the Federalist Papers;
- 16 4. urges the State Legislature to demand that our universities in their hiring promote and practice a  
17 diversity of thought rather than a diversity of skin tone and gender;
- 18 5. urges the legislature the defund any program in a public university that judges students based on  
19 their race or gender, even those that do so in the name of diversity and inclusion; and
- 20 6. demands that these universities uphold all of the constitutional rights of their adult students that  
21 are guaranteed by the Bill of Rights.

22  
23 **2021-15 Expanding K-12 School Choice**

24 *Whereas* the Wisconsin school choice program has benefited K-12 students by bringing greater  
25 competition into the system;

26 *Whereas* the Wisconsin school choice program has reduced the cost to taxpayers while improving its  
27 results;

28 *Whereas* the education of children is the primary responsibility of parents;

29 Whereas no family should be required to send their children to a school that undermines the values of he  
30 family;

31 *Whereas* some public school boards have failed to open their schools for in class instruction while others  
32 have failed to maintain adequate policing to insure proper security; and

33 Whereas many choice schools have stayed open during this pandemic to meet the needs of parents and  
34 students while unionized state schools closed their doors;

35  
36 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 37 1. urges our state legislature to expand Wisconsin’s School Choice Program;
- 38 2. demands that religious oriented schools not be discriminated against for exercising their freedom  
39 of religion unless those interests do not include adherence to our Constitution; and
- 40 3. insists that all students attending schools that either fail to open for in class instruction or refuse to  
41 permit a police presence in their schools be qualified for immediate inclusion in the choice  
42 program.

1 **2021-16 Addressing Gender Issues in Public Schools**

2 *Whereas* some sex education programs in elementary grades of public schools may be used to  
3 indoctrinate children into the transsexual lifestyle by introducing, without parental knowledge or  
4 permission, the concept of “gender dysphoria,” “gender fluidity,” and “gender transitioning”;

5 *Whereas* early exposure to such ideas adds to the confusion related to gender identity that would normally  
6 resolve itself over time; and

7 *Whereas* some “inclusive” bathroom policies violate student privacy rights;

8

9 **RESOLVED**, that the Republican Party of Sheboygan County, in caucus assembled,

- 10 1. strongly encourages legislators to ban sex education in Wisconsin schools until seventh grade;
- 11 2. insists that the encouragement and or affirmation therapy by school staff towards students that
