## **EXPOSING THE STRONGER WISCONSIN FUND: UNVEILING THE TRUTH BEHIND THE FALSE ATTACKS**

August 6, 2024

In Green Bay, Wisconsin on August 5, 2024, a gathering of Assembly and Senate candidates, along with Republican County Chairs, came together to address concerns of dark money funds and outside interests allegedly working with the Wisconsin Republican party. These forces were accused of actively opposing grassroots conservative candidates, who are challenging establishment Republicans in the upcoming primary elections. The group in question, known as the "Stronger Wisconsin Fund," officially registered with Wisconsin on July 12 and has reportedly poured to date over \$450,000 into the Republican primary race. Their efforts have been targeted at candidates who are running against establishment incumbent Republicans.

Evidence suggests that it is Robin Vos, and the Republican Party of Wisconsin (RPW) who are behind the Stronger Wisconsin Fund orchestrating these false and clandestine attacks on conservatives who refuse to align blindly with the establishment.

The Stronger Wisconsin Fund and its underhanded strategies have been exposed. This marks a shameful chapter for the Republican Party of Wisconsin. It is a Call to Action for all conservative voters to demand better and to stand against these unscrupulous tactics.
