

Friends,

On Election Night in November, Wisconsin Republicans secured victory for President Trump and Vice President Vance, pushing them over the 270 electoral votes needed to win the White House.

Now, we must unite to take back the Governor's office, Lieutenant Governor, Attorney General and Secretary of State, and keep the office of State Treasurer and the Wisconsin legislature in Republican control — holding the line against far-left policies that threaten our future.

Can we do it? I know we can. Join me at the RPW convention in Wausau, and let's get to work winning Wisconsin!

Chairman Brian Schimming
